CO'S POLICY STATEMENT

Subj: VP-46 DIVERSITY AND INCLUSION STATEMENT

1. VP-46's greatest asset is our people. There is unique diversity resident within our squadron which, when allowed to flourish, lends itself toward a wealth of ideas which then become actions.
2. The path toward realizing our greatest contributions to our Department of Defense's National Defense Strategy is to provide a work environment that celebrates our differences and encourages all vibrant discussion. Only when everyone feels empowered to grow can we maximize our most powerful asset, and deliver lethal Maritime Patrol and Reconnaissance dominance on-station.
3. Bolstered by our three pillars of Integrity, Intentionality and Intrepidity; Grey Knights will let our actions demonstrate that we are a squadron that encourages everyone to participate, for everyone to have a voice, for only as a collective team can we achieve the best of what we are capable of.

  
C. S. WADDILL
